## 1. Statement of intent

This plan should be read in conjunction with the School Improvement Plan and outlines the proposals of the governing board of The Rydal Academy to increase access to education for pupils with disabilities in the three areas required by the planning duties in the Equality Act 2010.

A person is regarded as having a disability under the Act where the person has a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities. Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

This plan aims to:

- Increase the extent to which pupils with disabilities can participate in the school curriculum.
- Improve the environment of the school to increase the extent to which pupils with disabilities can take advantage of education, benefits, facilities and associated services provided.
- Improve the availability of accessible information, which is readily available to other pupils, to pupils with disabilities.

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account the pupil's disabilities and the views of the parents/carers and pupil. In the preparation of an accessibility strategy, the LA must have regard to the need to allocate adequate resources in the implementation of the strategy.

The governing board also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities.
- Provide appropriate support and provision for employees with disabilities to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

The plan will be resourced, implemented, reviewed and revised regularly in consultation with:

- The parents/carers of pupils
- The Headteacher and other relevant members of staff
- Governors
- External partners

This plan is reviewed annually to take into account the changing needs of the schools and its pupils, and where the school has undergone a refurbishment.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

## 2. Planning duty 1: Physical environment

Governing boards should undertake an audit of the extent to which pupils with disabilities can access the curriculum on an equal basis with their peers. Short-, medium- and long-term action should then be identified to address specific gaps and improve access. All procedures will be carried out in a reasonable time, and after considering pupils' disabilities and the preferences of the pupils themselves or their parent/carers.
